Together Creating Hope, Stability, and Success

Together We Make a Difference

At Gracebound, we believe that lasting change happens when communities come together in service, compassion, and hope. Every individual we serve represents a unique journey, and meeting the complex needs of those experiencing homelessness, housing instability, disabilities, poverty, behavioral health challenges, or other life hardships require the collective efforts of many caring organizations and individuals.

We are deeply grateful for the agencies, healthcare providers, churches, foundations, businesses, community organizations, government partners, and dedicated supporters who stand alongside us in this mission. Through their generosity, expertise, referrals, collaboration, funding, volunteerism, and shared commitment to improving lives, countless individuals and families have gained access to housing, healthcare, supportive services, essential resources, and opportunities for a brighter future.

Our partners are more than organizations; they are valued members of a community united by the belief that every person deserves dignity, respect, and the opportunity to thrive.

Together, we are building pathways to stability, restoring hope, strengthening families, and creating healthier communities throughout Fresno County and beyond.

We extend our heartfelt appreciation to each partner listed below. Your trust, collaboration, and support make our work possible and help transform lives every day. We are honored to serve alongside you and look forward to continuing this important work together for many years to come.

"Alone we can do so little; together we can do so much." — Helen Keller
