*Maintaining dignity through essential services and expanding access to hygiene*

## A message about our work

In 2025, Gracebound continued its direct service work while making an important transition in shower services. The City of Fresno mobile shower project operated through September 2025, and permanent shower service began in September at 420 N Broadway, helping preserve access to hygiene support as the service model changed.

## Community impact

Reliable access to showers and other basic services supports dignity, personal well-being, and readiness to pursue employment, health care, housing, and other goals.
