GRACEBOUND INC.

FY 2026 Interim Report

From essential services to access, assessment, and housing pathways

A message about our work

In 2026, Gracebound advanced its role in Fresno's homelessness response through Access & Assessment work, housing referrals, and emergency housing placements while continuing core services. Gracebound's approved Access & Assessment Site at 420 N Broadway supports connections to HMIS and Coordinated Entry System processes, assessment, prioritization, referrals, and housing navigation.

Year-in-review highlights

- Advanced Access & Assessment Site operations at 420 N Broadway, linking people to HMIS and Coordinated Entry processes and housing-related resources.
- The service-tracking workbook records 15 emergency housing placements beginning in July 2026.
- Continued permanent shower service, soup-kitchen meals, monthly food distribution, and street outreach.
- Pursued City, County, and Continuum of Care funding opportunities to expand services and develop transitional housing; proposed projects remain subject to funding, approvals, and feasibility.

Program outcomes

- 15 emergency housing placements were recorded from July 2026 onward in the available tracking workbook.
- From October 2025 through October 2026, Gracebound records 7,909 snack servings, 3,263 water servings, 6,150 monthly food-distribution servings, 4,312 soup-kitchen meals, 884 shower uses, and 1,040 food servings to people on the streets.
- Access & Assessment created a more direct point of connection between immediate service engagement and housing-system navigation.

Community impact

Gracebound's 2026 work reflects a more connected service pathway: people may first engage through food, showers, or street outreach and then receive help connecting with assessment, referrals, and housing resources. The 15 recorded emergency housing placements represent a concrete early outcome of the organization's expanding housing-focused work.

Financial and organizational stewardship

The available financial report covers calendar years through December 31, 2025. A complete FY 2026 year-end financial statement was not available for this report as of our 10 18 2026 Banquet Date.

The service figures above cover October 2025–October 2026, the most recent 12-month period in the tracking workbook; they are not a strict calendar-year 2026 subtotal. Counts represent service events or servings, not unique individuals, and categories may overlap. Emergency housing placements are recorded from July 2026 onward.

Looking ahead

Gracebound will continue strengthening Access & Assessment, housing navigation, community partnerships, and sustainable funding for essential services and future housing initiatives. Proposed housing developments will move forward only as funding, approvals, and feasibility allow.

A community of care. A growing path to housing.
